

Our Story

Bee Well Honey Farm & Bee Supply Inc. was established in 1999 by the Owen family in Pickens South Carolina near Table Rock and the Blue Ridge Mountains.

Our bees forage nectar and pollen from the wildflowers in the woods throughout the Southeast. We offer package bee sales, beekeeping supply sales, wholesale and retail honey and continue to seek specialty honeys for honey enthusiasts to enjoy.

We offer honey tastings at our retail locations featuring seasonal varieties like Sourwood, Echinacea, Tupelo, Clover, Orange Blossom, and will continue to search for other flavors for our customers to enjoy. Thank you for considering Bee Well Honey.
