

Darë was brought into existence by chef, Gwendolyn Dare Hageman, who spent most of her life as an omnivore inspired by her chef Dad. The two had a snack ritual involving a block of cheese, a pack of crackers, and a knife. When Gwendolyn decided to pursue an animal-free lifestyle, the thought of losing her favorite snack sent her searching high and low for a sufficient substitute. Time and again, she came up empty, thus beginning her journey in creating the taste she craved.
